Bethel Christian Academy
Read-a-Thon

The *Read-a-thon* is here! An objective of this fundraiser is the encouragement of reading in our students. We need your help to support this, by retrieving books and recommending them to read as much as possible. Another way you can support this is by being involved. The funds of this program will work towards corollary projects to the sidewalk, such as a new railing and new benches.

This week begins the process of gathering sponsors. Students are allowed to gather sponsors throughout the fundraiser (October 2 to October 23).

The reading portion of this fundraiser is from October 9th to October 23rd. Students will have a class period each day designated towards reading. They can bring chairs, blankets, snacks, and other accessories to enjoy the atmosphere of reading. Students may read books from the Bethel library or from the public library. All books, however, must be at or above the child's reading level and shall not be characterized by immoral or other ungodly content (e.g. romance novels).

At the end of the two-week reading period, the students will tabulate the pages read and multiply them by each sponsor's pledge.

The next two weeks (October 24-November 6), the students will collect the pledges from each sponsor. The sponsors are not obligated to pay the total amount "owed" as it might be more than they anticipated paying; in that case they may give a flat donation less than their original pledge.

All money counting toward prizes must be turned in on Monday, November 6; the prizes will be distributed within two weeks of turning in the pledge sheets and money. Please be sure to turn in together all three important items: the pledge sheet, the reading sheet, and the money.
